2018 Para Ping Champion!   

Chipping Green at The Range is Now Open

The size and shape of this green now allows members to practice chip shots of all types of lengths. It's the perfect area to use before a game to fine tune your touch before heading out onto the course. Thank you to Mark Findlay and his team who have worked hard to produce this area for our Members and Visitors.

Rules of Golf

In an effort to prepare you for the 2019 changes to the rules of golf, did you know that.....

- You will now be able to tap down spike marks and any other damage made by shoes, animal damage and other damage on the green and there is no longer a penalty for touching the line of a putt
- The term hazard will no longer apply and will be replaced by a new term 'penalty area'. These new penalty areas will be marked red or yellow and can now be expanded to cover any area of the course a committee decides ie: thick bush or scrub
- You can now remove loose impediments in bunkers and all penalty areas, and you can also touch the ground or water in a penalty area.
- There will be no penalty for touching sand in bunkers with a hand or club as long as you are not grounding the club right next to the ball or taking a practice swing to test the sand.
