2.1 Rules of Golf

The game of golf at the Club shall be played in accordance with the rules according to Royal and Ancient Golf Club at St. Andrews, Australian National and State Golfing bodies and the local rules of the Club located outside the Golf Shop.

2.2 Control of Play

- (a) The use of and play on the Golf Course shall be subject to the control of Golf Operations, their designated assistants and/or the Club Captain. The Course Superintendent, in consultation with

Golf Operations and the General Manager or Club Captain, shall determine when weather or other conditions of play dictate the closing of the course or whether golf carts can be used.

Weekends – Golf Services Operations, their designated assistants and/or the Golf Captain

- (b) All play shall be in groups up to a maximum of 4 players, except in special circumstances as determined by Golf Operations, Match & Greens Committee and/or the Club Captain. For example, where entry numbers require a particular action to be taken to enable such a maximum to be exceeded such as (i) play in 5s at the completion of a field or section thereof or (ii) play in 6s in Foursomes competitions.

2.3 Registration and Start of Play

All players must report to the Golf Shop before play.

When a starter is on duty, players must register with the starter 10 minutes prior to their tee time.

2.4 Dress

All players must wear appropriate golf attire on the course (refer 1.1 Dress Standards).

2.5 Equipment

Each player must have a set of clubs and wear golf or appropriate sports shoes.

2.6 Course Priority

Lone players or groups of more than four players have no rights. They, and players who break the proper sequence of their round or casual players who do not have a booking, must stand aside without request and allow any group playing the proper sequence to pass. Players taking part in any Championship match have priority over all other play and may play through or have right of way on any tee.

PLAYERS ON THE TIMESHEET HAVE RIGHT OF WAY ON THE STARTING TEE over players who are coming “through the turn” after 9 holes, who must wait and retain their place in the field. However players more than five minutes late to the tee have no rights and must stand aside without request.

If a match fails to keep its place on the Course and loses more than one clear hole on the players in front, it **MUST** allow the following match to play through, or take directions from the Course Marshall. Competition play has priority over social golf. A single player has no rights and must give way to all other forms of play.

2.7 Slow Play & Ready Golf

Sanctuary Lakes Golf Club has a Ready Golf policy. Slow play is a constant problem and players are reminded of their responsibility to others. A two-stroke penalty or disqualification can be applied in competition play. **Slow play can be avoided** by observing the following suggestions:

- a) **Keep up** with the group in front.
- b) **Shorter hitters playing first** from the tee or fairway if longer hitters have to wait.
- c) **Move briskly** between shots and do not delay when it is your turn to play.
- d) **Hitting a shot if a person** who has just played from a greenside bunker is still farthest from the hole but **is delayed due to raking the bunker.**
- e) On the putting green, **repair your pitch mark** and study the line of your putt before it is your turn to play.
- f) **Putting out** even if it means standing close to someone else’s line.
- g) **Hitting a shot** when safe to do so if a **player farther away** faces a challenging shot and is **taking time** to assess their options.
- h) **Play a provisional ball** if it is likely that your ball may be hard to find in the rough or trees. Assist other players by watching their shots.
- i) Following players **MUST be called through** if you fall one hole behind the group in front.
- j) **Call following players through** if they are waiting and your **ball is not immediately found.** You may **search for your ball for 5 minutes.**

- k) Players who call through another group should not resume play until the players called through are safely out of range.
- l) **Hitting a shot before helping someone to look for a lost ball.**
- m) Never mark your card when it is your turn to play and **don't hold up play by marking your card on the green or tee area.**
- n) **Enter and leave bunkers at their low part using the steps if provided** and walk directly to your ball via the flat portion of the bunker. Smooth or rake all marks in a bunker and leave the rake in the marked area outside the bunker.
- o) All players must carry sand bucket or dispenser and place sand in divot marks.

2.8 Practice

A player may practice with a **MAXIMUM OF TWO BALLS** but has no rights and must stand aside without request.

2.9 Golf Academy

Range balls must not be removed from the Driving Range area or be collected and then re-used.

Member's only, may practice using their own golf balls when chipping to the "target chipping green/s". Member's guests and visitors to SLC whom use this facility **MUST**, when practicing, use golf balls supplied from the Golf Academy.

The green and bunker area at the Golf Academy is for chipping and bunker practice only.

Players must comply with the Rules and Regulations on display at the Golf Academy.

When the grassed practice area is open, practice from the grassed practice area shall be from the designated areas only.

Putting practice should be conducted on the practice putting green next to the Starter's Hut. Pitch and run but **NO lob practice may occur at the practice putting green.**

2.10 Children

Children of school age are welcome in the Clubhouse and at the Golf Academy and may act as caddies providing their attire conforms to the dress standards of the Club and they are in the company of a member who is either their parent or guardian.

The parent or guardian of a child is responsible for the child's behaviour and dress. The parent or guardian is responsible for the child's safety and well-being whilst in the Clubhouse or on the Golf Course or at the Golf Academy.

Children may become Junior Members when they turn 12 years of age or if they pass a playing test.

Children under 12 may become Cadet Members of the golf club and play with a responsible adult after 3pm on any day of the week or with permission of Golf Operation, General Manager or Club Captain at other times.

- (h) **Golf Carts are not permitted past the marked blue line before the green and must move to the path immediately.**
- (i) Golf Carts **must not** be driven within 2 (two) metres of a bunker.
- (j) Golf Carts **must be** parked on the side or rear, and never in front or on the fringe, of a green.
- (k) Avoid bare ground and wet areas.
- (l) Golf Cart drivers **must be at least 18 (eighteen) years of age and must hold a current drivers licence.**
- (m) Golf Carts shall only carry a maximum of two persons.
- (n) All directional signs, ropes, or other markers used to guide and direct Golf Carts, must be observed.
- (o) Golf Carts are not to be driven by any persons under the influence of alcohol or non-prescribed drugs.

2.12 Handicaps

Handicaps shall be based on the Golf Australia handicap system.
Cards for new handicaps must be submitted to the Golf Shop.

2.13 Scores

Players shall return a scorecard for handicapping purposes each time they play in an official Club competition. Cards must be returned to the Golf Shop.

2.14 Club Competitions

Eligibility for men's and ladies club competitions shall be determined by the event conditions of play.

A Member is eligible for any board event provided the Member holds 5/6/7 day playing rights (depending on grade and conditions of play) for the board event and also for the full duration should the event be a multi-day event. Exceptions to this would be heavily discounted temporary/trial memberships and these categories are ineligible.

Only Members can represent the Club in any official GA/GV events.

Players on the timesheet who arrive at the tee more than five minutes late for their hit off time have no rights and must stand aside.

5.4 Rules of Competition Play

- (a) Play is under the conditions determined by the General Manager and the Club Captain, in compliance with the Rules of Golf as authorised by the Royal and Ancient Golf Club of St. Andrews, National and State Golfing bodies and the local rules in operation at the time.
- (b) Before starting play, players should make themselves familiar with any temporary local rules and other course or competition information.
- (c) To be eligible in any competition, players must pay a competition fee at the Golf Shop before commencing their round.
- (d) A player returning a card in a competition must ensure that it has the correct handicap and is signed by both the marker and player.
- (e) To be eligible to win a competition, a player must return the scorecard to the Golf Shop before leaving the Club on the day of play.

- (f) Any protest, for any match or competition, shall be made in writing to the General Manager immediately upon completion of such match or competition.
- (g) Un-financial Members and Un-financial Lessees are not eligible to compete or win any Club competition.

5.5 Mobile Phones

Providing calls do not disturb other Members, Guests or staff; mobile phones may be used in the Clubhouse, other than in the Norman Room, at any time. However, it is preferred that calls are made or taken on the balcony, locker room or hallway.

Mobile Phone Use in the Norman Room

Mobile phones may remain switched on silent mode and any use must be outside the Norman Room.

Mobile Phone Use on Course

During play on the course, mobile phones may be carried but must remain on silent mode, unless used in the event of an emergency.

5.6 Safety On Course

GOLFERS MUST NOT PLAY A STROKE IF THERE IS ANY CHANCE THAT ANOTHER PERSON IS IN A POTENTIAL POSITION OF DANGER.

Golfers must not hit up on players in front or on course maintenance staff, unless called to do so. On the green, if the flagstick is not in the hole, golfers must not hit to the green until the flagstick is replaced and the green is clear of players and/ or staff.

Golfers must wait and give way to maintenance vehicles or mowers to pass or be safely out of range before playing a stroke.

It is also important that players do not walk ahead of other players in their own group, or at the very least maintains what they consider to be a safe distance and/or angle away from the golfer about to play – thereby avoiding the possibility of being struck by a wayward shot.

In the event of a wayward shot being played Golfers **MUST warn** of possible danger to other players by shouting the traditional call of “fore”.

Heat Policy

Decision made at 4pm the day before play.

Please refer to the club website under publications for full conditions.

Frost Policy

Severe Frost – No play allowed on course at all until Golf Operations/Superintendent decision is made for play to commence.

Light Frost – Play may commence. No carts allowed whilst frost is on the fairways.

No course preparation or movement of pin placements for that days play.

5.7 Count-Back Procedures

Except where otherwise provided, to resolve ties in events, the following count-back method shall be used:

For 18 holes events, the best score for the last 9 holes on the card shall be used, if there is still a tie, the last six holes or if still, the last 3 holes. If a tie still persists, then hole by hole from the 18th hole backwards.

5.8 Matchplay competitions – Play by Date Rule

All competitors shall have equal responsibility to initiate match arrangements well in advance of the designated date. No matches may be played after the designated date. However, in special circumstances, the Captain may grant an extension of one week for the semi-finals. In the case of the final an extension may be granted to a date determined by the Captain.

5.9 Competitions

All rounds must be played from the tees of the day. Players engaged in Pennant Matches and players taking part in any Championship match have priority over all other play and may play through or have right of way on any tee.

6. GOLF COMPETITIONS AND METHOD OF PLAY

These notes are intended to assist with how various competitions are played. They must be read in conjunction with the Rules of Golf.

6.1 Stroke

The score for each hole is entered on the score card, totalled and the player's full handicap deducted. The player who completes the round with the least strokes will be the gross winner, while the winner of the nett competition will be the lowest score after deducting his or her handicap.

6.2 Par and Stableford (See Rule 32, refer 2.1 Rules of Golf)

Stableford is a points scoring system for each hole, based on the nett score for a hole with Stableford points determined for albatross (5 points), eagle (4 points), birdie (3 points), par (2 points) and bogey (1 point).

Par is a scoring system similar to Stableford except instead of receiving points, a player scores a Plus (+) for having a nett birdie or better, a half or square (0) for having a net par, or a loss (-) for having a net bogey or worse.

In the interests of speed of play, a player should pick their ball up when they cannot score a nett bogey in Stableford or net par in Par competition.

6.3 Matchplay

In Matchplay, the game is played hole by hole using the Matchplay Index. A hole is won by the player or side that holes the ball in fewer strokes. In Handicap Matchplay, the lower nett score wins. The match score is kept by the term "holes up", "holes down" or "all square" after the number of holes has been completed. A hole is halved if each side/player holes out in the same number of strokes or the same nett score.

A player/side may concede a hole or a match at any time before to the conclusion of the hole or the match. Concession of a stroke, hole or match may not be declined or withdrawn. A player/side are "dormie" when as many holes are up (or down) as there are holes left to play.

A match is won by the player/side when the number of holes "up" is greater than the holes remaining to be played. Ie.4 holes up with 3 holes to play are recorded as player A defeated player B "4 and 3" (4/3).

Note:

- (a) Scratch Events – A match that ends "all square" shall be continued hole by hole from the hole where the match began, until one side wins a hole (unless the event conditions stipulate that matches do not continue past 18 holes).
- (b) Handicap Events – As in scratch events, but with strokes being allowed as if the match has been recommenced and strokes are allocated using the Matchplay Index on the scorecard.

- (c) Handicap Matchplay – The method of ascertaining each player’s Handicap is that the lowest marker, in any particular match, goes back to scratch and then the other player or players are given the difference in their respective handicaps, with the strokes allocated using the Matchplay Index on the scorecard.

6.4 Team Competitions

In a team competition, two or more players play in a team even though each player plays as an individual but the score for the team is recorded on a single card. Depending on the form of competition, the players scores are added, or the best 2, 3, or 4 scores used (either per hole or overall) to determine the team score. Teams of two are sometimes called “Aggregate Pairs”.

6.4.1 Ambrose (Sanctuary Lakes Challenge only)

The Sanctuary Lakes Ambrose Challenge will be played in teams of four.

The team selects a Captain on the tee (usually the lowest marker) and they decide on the order of play. The order of play is marked on the scorecard.

The players then play a shot from the tee and proceed to their ball. The Captain (or team members as a whole) decides on the best positioned ball and the other players retrieve their balls. If the ball chosen is in the rough or a hazard, then subsequent balls must be played from the rough or hazard.

In the order originally decided, players place their ball within one club length of the spot where the best selected ball lay, but no nearer the hole, and play their next shot .e.g. If player C's ball is chosen he/she must play first followed by Player D then Player A and finally Player B.

This procedure continues irrespective of whether the ball is on the fairway, in the rough or in a hazard, until the play reaches green and the ball is holed out.

6.4.2 Modified Ambrose (SLGC Rules)

This is a team event for 3/4 players. Each player hits off the tee, the best shot is selected and marked. The person whose shot is selected off the tee cannot hit the next ball (*Note: This rule applies to the tee-shot only, not subsequent shots to or on the green*). All other players pick up their ball and place it, within one club length, alongside the best ball and then hits a second shot. The best shot is again selected.

This continues until the ball is in the hole. On the putting green the best ball is marked and the other balls are played from this position (within 1 putter head). The Team Handicap is 1/6 for 3 players and 1/8 for 4 players

When placing the ball you must not improve the position of the ball, e.g. if the best ball is in the rough you must place the ball in the rough. The minimum number of drives for a 4 person event is 3 drives per player, and for a 3 person event 4 drives per player.

6.4.3 Four Ball Better Ball Par, Stableford or Stroke

These competitions are played by two players competing as partners (no one in world golf knows why it is called "Four Ball"). Each player plays his own ball. Handicaps and scoring for Par, Stableford or Stroke is as previously described, except that only the better score of the pair is recorded on the card, together with that player's initials. When scores are equal, the ball holed first is recorded.

Mixed Four Ball Par, Stableford or Stroke is played as described above, except that the team comprises a mixed pair. Both players play from their usual tees. The result is scored on the man's card, therefore it is important to refer to a Ladies Index when dealing with holes halved or won by the woman. Each player uses their full Stroke handicap.

6.4.4 Foursomes

Foursomes are a Stroke competition played by a team of two players using one ball. Each player tees off on alternate holes, one on odd-numbered holes and the other on even numbered holes. The partner plays the second stroke and thereafter the ball is struck alternatively until holed. The team which completes the round in the least strokes is the winner of the gross event. In the nett event the handicap deducted from the gross score is 1/2 the aggregate handicap of both players, and the team which completes the round in the least nett strokes is the winner.

Mixed Foursomes are played in the same manner as Foursomes, except that women are required to play from the Red tees when teeing off on alternate holes. In even calendar years, men tee-off on the even holes and women tee-off on the odd holes. In odd calendar years, men tee-off on the odd holes and women tee-off on the even holes. The Handicap allowance is half the combined handicap. When it is

necessary to play a provisional ball or a second ball from the tee, the ball is hit from the same tee as the original ball by the player whose turn it was to hit the second ball.

6.4.7 Other Mixed Events

Hartball is a Stroke event for a team of either 3 or 4 players. Note: A Hartball score card is required. Each player is assigned a Hartball player number. Using the Hartball player numbers for each hole, two players hit tee-shots with the better shot used. Ambrose is then played, with all four players playing the next shot from within one club length of the marked ball. If the ball chosen is in the rough or a hazard, then subsequent balls must be played from the rough or hazard. The best shot is chosen and all four players again take the next shot. Once on the green, only the two players listed on the Hartball rules putt, and if the ball is not holed, the two players putt again until the ball is holed. The Team Handicap is 1/6 (3 players) or 1/8 (4 players) of the aggregate handicaps. The Team Handicap is subtracted from the gross score to give the nett Team Score.

Gentsomes is a Stableford event for 3 or 4 players. All players drive then choose the best ball (as in Ambrose) and each place a ball at this place and continue to play individually until their ball is holed. Gentsomes may include best individual Stableford and/or best Team Stableford - which is determined by the best 2 scores per group recorded on each hole.

Harlequin Stableford is a Stableford event for 3 or 4 players. Each player plays a Stableford round, with the Stableford points used. For Par 3s - the best 1 score is recorded, for Par 4s - the best 2 scores are recorded and for Par 5s - the best 3 scores are recorded.

Split Sixes is a Stableford event for either 3 or 4 players. Each player plays an individual Stableford round, with the Stableford points used. The best one score on Holes 1 to 6 is recorded, the best two scores on Holes 7 to 12 are recorded and the best 3 scores on Holes 13 to 18 are recorded. Scores from all holes are combined to give the total Stableford points for the Team.

Joker Stableford is a Stableford event for 2 players. Each player nominates two holes each before the start of play where their scores will be doubled on these two holes. The selected holes must be recorded on the score card. Both players' individual stableford scores over the 18 holes are aggregated to give the total Stableford points for the team score.

Aggregate Bisque Par is a Par event for 2 players. It is played as individual Bisque Par with both scores added together. For Individual Bisque Par, players can allocate their full handicap to each hole however they want. This is done after each hole is played (but before the next one). The number of handicap strokes used is recorded on each hole, with the allocation of strokes ceasing once the player's full handicap has been used. Note: Individual and Aggregate Bisque Par scores cannot be used for handicapping.

Chapman Foursomes (or Canadian Two-Stroke) is a 2 player event played as Foursomes, except both players play tee-shots at every hole and then hit their own ball a second time. One ball is then selected as the better ball. Play continues as Foursomes with the partner hitting the selected ball, and thereafter the ball is hit alternatively until it is holed. Handicap is 3/8 of aggregate handicap.

American (or Pinehurst) Foursomes is a 2 player event played as Foursomes, except both players play tee-shots at every hole and then hit their partner ball for the second shot. One ball is then selected as the better ball. Play continues as Foursomes with the owner of the ball playing the third stroke and thereafter the ball is hit alternatively until it is holed. Handicap is 3/8 of aggregate handicap.
