CARN 'STRAYLYA!

It's on again tomorrow!

The Annual Australia versus the Rest of the World 4BBB Matchplay challenge. Captains Dodds and Dodds, conducted the draw in secrecy on Thursday afternoon and it is now published for public viewing.

The Captains battle between Aussie Taegen, and his assistant Byron against the black sheep brother Brandon and his VC Alex Franklin will have punters scrambling for vantage spots as the fourball make their way around the course.

Don't forget your national colours or dress to get amongst the fun! Will Charlie outdo his previous Caesar, Super Mario style get ups? Who will take home best dressed Aussie get up? Will there be more convicts than queens? More kilts than cork hats? No matter what it's gunna be a whole lot of fun!

VIC OPEN UPDATE AND CALL FOR VOLUNTEERS

The continual growth of the Vic Open, and the fact that the Women's event is now LPGA and a US Tour event has caused unprecedented interest in this year's edition. As a result, we will be exclusively hosting the women qualifying, as entrants have increased from 35 last year to 135 in 2019!

If you've been on the course lately you will have noticed a few overseas guests practicing, including visitors from Sweden, Korea, China and an interstate contingent.

To help Mark and his team set up your course in the best possible light we're sending a call out for volunteers to assist on Sunday February 3rd. Tasks will include filling divots, repairing pitch marks, and improving general aesthetics around the course.

We'll be closing the course from 2pm on Sunday, and would like as many members as possible to assist for an hour or so.

To register your interest please email club@sanctuarylakesclub.com.au

MIZUNO FITTING DAY

“The ST190’s deeper face is not just useful from the tee - it also gives the clubface a larger frame that functions more like a driver for higher ball speed. Normally that is compromised by a higher sweet spot and additional backspin, but by using our carbon composite crown and Wave Soleplate, we were able to combine high ball speeds with an efficient ball flight.”
