

Sanctuary Lakes Club Weekly Newsletter

Friday 12th April 2019

Renovations Update

The greens have been cut!

The growth and coverage on our recently renovated greens have allowed Mark to begin cutting. All greens were cut Wednesday afternoon, and all will be cut Thursday and Friday afternoon at a level of 4.5mm. The green height will drop 0.5mm over the next 3 weeks getting us back to our normal height 3mm.

So greens will be in better condition for Saturday and Sunday's medals.

US Masters Sweep

The US Masters Sweep is located on the Members Portal Page to view click the link below, it will then ask you to log in and then you will be able to view the PDF.
