<p>Rules of the Event</p>	<p>4BBB Stroke Matchplay (see also Handicap Conditions document for more details)</p> <p>In Matchplay, the game is played hole by hole using the Matchplay Index. In Handicap Matchplay, a hole is won by the player/side that has the lower Nett score. The match score is kept by the term “holes up”, “holes down” or “all square” after the number of holes has been completed. A hole is halved if each player/side holes out with the same Nett score.</p> <p>A player/side may concede a hole or a match at any time before to the conclusion of the hole or the match.</p> <p>A match is won by the player/side when the number of holes “up” is greater than the holes remaining to be played, i.e. 4 holes up with 3 holes to play are recorded as player/side A defeated player/side B “4 and 3” (4/3).</p> <p>Notes for Handicap Matchplay:</p> <p>(a) A match that ends “all square” shall be continued hole by hole from the 1st hole, until one side wins a hole. Strokes given start again as if the match has recommenced, using the Matchplay Index on the scorecard.</p> <p>(b) The method of ascertaining each player’s Handicap is that the lowest marker, in any particular match, goes back to scratch and then the other player or players are given the difference in their respective handicaps, with the strokes allocated using the Matchplay Index on the scorecard. (See 4BBB Handicap Conditions)</p> <p>(c) It is the responsibility of the winning team to post the match result on the Club Noticeboard and inform the Golf Shop.</p>
