Friday 17 May 2019

Hole In One

Congratulations to Penny Heron on a perfect 9 iron swing to have a Hole-In-One on the 2nd hole Sunday 12th of May - Mother's Day !!

Well done Penny, from everyone at Sanctuary Lakes.

Pro Pin Funds

The pro pin fund utilizes \$1 of each entry towards our 70 or so Members who represent the Club across a variety of Pennant Competitions, including Juniors, VGA Men's and Colts, North West and Senior squads.

During the current financial year to date this has been used primarily to supplement the cost of host catering \$7,628, uniforms \$6,187 and Golf Operations items including lessons for Juniors and Colts, and balls and tees for competition use tallying \$4,258.

To allow the Club to continue to participate in the competitions we would like to thank our sponsors including The Young Achievers Foundation (formerly the Sanctuary Lakes Foundation), Entertaining Environments, and Sanctuary Lakes Resort.

The pro pin fund utilizes \$1 of each entry towards our 70 or so Members who represent the Club across a variety of Pennant Competitions, including Juniors, VGA Men's and Colts, North West and Senior squads.

Course

We all take pride in our course being Greg Norman designed, but did you know that the actual Course Architect was Bob Harrison who was the lead designer in for the Greg Norman Golf Course Design Company for 21 years and designed all of Greg Norman's famous Australian courses like The National Moonah Course, Ellerston (Kerry Packer's course in the Hunter Valley), The Vintage, Brookwater and The Glades in QLD, and Settler's Run to name a few. Earlier this week we were privileged to host Bob and his Associate, Scott Champion, for a course tour to glean information about his thoughts on how the course is presenting and playing 20+ years on from the original design. It was a fascinating afternoon where we learnt a lot about the course, background on some of our holes, including which holes Bob would like to improve, and Bob's design philosophy for Sanctuary Lakes. Key take home messages for us is that we need to recover a little more of the rugged 'wilderness' (Bob's word) feeling of our course. With that in mind we will work with Mark and his team and look at allowing some small pockets of fescue rough to grow to better define some of our holes. We will also be maintaining and encouraging boundary shrubs and salt bush to grow and we will look to plant more appropriate shrubs and fescue around the top edges of some bunkers (to look like the large bunker 50m short left from the 4th Green).

Both Bob and Scott liked the de-thatching we have done on the green surrounds and insisted that we need to continue this program to assist in shot variety and promote more bump and run play. They also recommended we reclaim more fairway in some places and reshape some of our bunkers. Obviously there was a lot more discussion amongst the group so Alex, Dale, Jason or Shaun will be happy to provide more details if you see us around the club.

For those of you interested in finding more out about Bob Harrison please go to his website, where you will find details of the great courses he's designed, including Sanctuary Lakes.

Range Upgrade

Lights have been recently installed at the chipping green area. Members can now practice their chipping under lights!

Artificial grass has been laid at the new hitting bays in front of tennis courts and mats have arrived this week for installation. This area remains closed until mats are fitted in the correct angle.

Golf Results
